grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

PHYSICAL FITNESS

In the spring of each year, Soledad High School is required by the state to administer a physical fitness test to all students in ninth grade. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf/.

SCHOOL FACILITIES & SAFETY

Soledad High School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Soledad High School's original facilities were built in 1999; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

The custodial staff and district's maintenance department work together and communicate at least every other day to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Soledad Unified School District has established a comprehensive set of cleaning standards to ensure campus facilities are maintained in good repair and kept safe for students and staff. Parents may request to view approved cleaning standards by contacting the district's Director of Maintenance and Operations through the district office.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. Maintenance and Operations employs an electronic, web-based work order system that enables school staff to communicate its maintenance needs. Teachers and school staff relay requests for unscheduled special projects directly to school office staff who complete and submit a work order request to the Director of Maintenance of Operations. The director evaluates, prioritizes, and then forwards the request immediately to custodians for resolution. Custodians are qualified to perform minor and routine maintenance. Larger and more specialized projects are typically outsourced to third party contractors. Emergencies and urgent situations are typically resolved immediately.

All staff share the responsibility to report safety hazards or other conditions that need immediate attention. Graffiti and signs of vandalism are removed prior to students arriving on campus. The principal communicates with Maintenance and Operations staff as needed to manage safety concerns, cleaning practices, and maintenance needs.

CAMPUS SUPERVISION

As students arrive on campus in the morning, during breaks and lunchtime activities, and upon release after school, administration and school staff monitor entrance gates as students arrive and exit campus in order to ensure a safe environment is provided at all times.

To maintain a safe and secure environment, all parents and visitors are required to check in at the school office upon arrival, wear a visitor's badge while on campus, and return to the school office upon departure to sign out indicating they are leaving the campus.

SCHOOL SITE SAFETY PLAN

A Comprehensive School Site Safety Plan is in development in collaboration with local law enforcement and fire protection agencies and district administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, sexual harassment policy, procedures for safe arrival and departure from school, and dress code policy. Soledad High School's plan will be completed and shared with staff by January 2024. An updated copy of the school site safety plan is available to the public for viewing at the Soledad Unified School District office and the school office.

SCHOOL INSPECTIONS

Schools are required by state law to conduct an annual comprehensive inspection of school facilities, paying close attention to designated areas identified by state legislation and the Office of Public School Construction guidelines. The district's maintenance department inspects Soledad High School on an annual basis in accordance with Education Code §17592.72(c)(1). Soledad High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on May 18, 2023. During fiscal year 2022-23, all restrooms were fully functional and available for student use at the time of the inspection.

CLASSROOM ENVIRONMENT

CHRONIC ABSENTEEISM

The chart in this report identifies the chronic absenteeism rates by student group for Soledad High School for the 2022-23 school year. A "chronic absentee" has been defined in EC Section 60901(c) (1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

CLASS SIZE

The Class Size Distribution table in this report illustrates the distribution of class sizes by grade level, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students.

CURRICULUM & INSTRUCTION

PROFESSIONAL DEVELOPMENT

Soledad Unified School District combines efforts with school site administration to provide training and curriculum development which revolves around the California State Standards. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

During the 2022-23 school year, Soledad High School sponsored professional development training activities for professional development and grade level collaboration. Additionally, grade levels participate in Professional Learning Teams (PLT's) each week in grade level teams

to determine the next approach to the curriculum, review student successes and needs, and to review district assessments. Teachers also use this time to develop essential standards-based lesson plans. Site-based professional development topics are based upon student achievement levels and teacher needs as well as follow-up training on districtwide programs. During the 2022-23 school year, Soledad High School focused on the following professional development topics:

- Close Reading
- Constructive Meaning (Embedding ELD in Core Curriculum)

COLLEGE PREPARATION AND CAREER READINESS

Students are encouraged to take required courses if they plan on attending a four-year college or university. The adjacent table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

ADMISSION REQUIREMENTS FOR CALIFORNIA PUBLIC UNIVERSITIES

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the University of California Website at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.
